

CR460

Brand: Chelwood Rakes

Product Code: CR460

Availability: 2 - 3 Days

Short Description

The design and grade of the teeth make this rake ideal for distributing and levelling concrete and asphalt.

Description

The design and grade of the teeth make this rake ideal for distributing and levelling concrete and asphalt. It is not a substitute for compacting both materials and in either cases vibrating tamps or rollers should be used to ensure these materials meet the designed strength and surface finish.

Specification
